■ **9.1** The number of visitors entering the Yukon by land through Canada Customs points of entry from January to May 2010 was 67,968, compared to 60,510 for the same time period in 2009. This represents an increase of 7,458 travellers, or 12.3%.

Comparing May 2010 with May 2009, the following changes occurred:

- The total number of travellers increased by 3,704, or 9.3%.
- Yukon resident travellers decreased by 474, or 7.7%.
- Other Canadian travellers decreased by 310, or 13.2%.
- U.S. travellers increased by 3,609, or 13.0%.
- Other foreign travellers increased by 879, or 24.3%.

■ **9.2** Comparing March 2010 with March 2009, the number of aircraft movements in Whitehorse decreased by 118 flights, or 6.2%.

On an annual basis for Whitehorse, in 2009 there were 24,505 flights compared to 25,920 in 2008. This represents a decrease of 1,415 flights, or 5.5%, in 2009.

The "number of days reporting" refers to the total number of days in the given month which had aircraft movements.

Footnotes

1. Population

1.2 'Other' includes communities such as Champagne, Elsa, Johnson's Crossing, Keno City, Stewart Crossing & Swift River.
1.4 Migration estimates are based on both international and interprovincial movement into and out of the Yukon, as well as returning emigrants, temporary emigrants and non-permanent residents.

2. Employment

2.1 Yukon figures are rounded to the nearest hundred; because of this, figures may not sum to totals. All Yukon figures from the Labour Force Survey are three-month moving averages based on 92% coverage.
2.2 The Yukon and Northwest Territories are not included in the Canadian unemployment rate.
2.3 "Total" government employment includes the Yukon Liquor Corp. and Yukon Development Corp./Yukon Energy Corp.; excluded are First Nation governments. "Territorial General" government employment includes employees of all Yukon Government departments, as well as employees of the Yukon Workers' Compensation Health & Safety Board, Yukon College, etc. "Territorial Health & Social Services" includes employees at Whitehorse General Hospital, Alexander MacDonald Lodge, Children's Receiving Home and Assessment, Detoxification Centre, group homes, Norman D. Macaulay Lodge, Northern Network of Services, Copper Ridge Place and the Thomson Centre.
2.4 & 2.5 Unclassified employees are excluded, as well as those enterprises primarily involved in agriculture, fishing and trapping, private household services, religious organizations, and military personnel of defense services. Additional employee and earnings data for other NAICS (North American Industrial Classification System) categories are available by contacting the Yukon Bureau of Statistics.
2.6 The number of total income beneficiaries includes other types of benefits than those displayed, but excludes employment insurance claimants receiving employment and support measures benefits.

3. Consumer Prices

3.1 The Consumer Price Index (CPI) measures price changes over time but should not be used to compare costs between provinces and cities. As of the May 2007 CPI release, the weights of various items in the basket of goods and services used to calculate the index have been updated from 2001 to 2005. In addition, the CPI base year (the period for which the value 100 is assigned to the index) has changed from 1992 to 2002. Therefore, data from this and future publications should not be compared with previously released data.

4. Rental Units

4.1 & 4.2 The Yukon Rental Survey covers buildings with four or more units. Rentals with less than four units (such as houses, suites and duplexes) are not included in the survey.

5. Real Estate

5.1 & 5.2 Rounded data may not sum to totals.
5.2 The 'Family Lots' category does not include the majority of lots purchased by contractors. For further explanation, contact the Yukon Bureau of Statistics.

6. Construction

6.1 Rounded data may not sum to totals. Permits issued in the communities are totalled on a calendar month.
6.3 Rounded data may not sum to totals. Special permits or permits for demolitions may have dollar values of zero. Whitehorse permits are reported for a thirty-day period from the sixteenth of one month to the fifteenth of the following month for which the totals are reported.

7. Resources

7.1 Canadian prices are based on the conversion of US prices using the 'noon' exchange rate at month-end by Bank of Canada. Prices of gold and silver are a.m. fix prices at month-end. Prices of lead, zinc and copper are London Metal Exchange "cash seller" prices at month-end.
7.4 'Total' includes other types of refined petroleum product sales. Domestic sales are by reporting companies, are exclusive of exports and sales to other reporting companies, and are adjusted for exports and imports by non-reporting companies.
7.4 'Aviation gasoline' includes all gasoline-type fuels for piston-type aircraft engines.

8. Trade

8.4 Bank rate figures are from the last Wednesday of the month.

9. Transportation

9.1 This table only includes persons entering the Yukon by land at Canada Border Service Agency points of entry. Travellers entering the Yukon through all other roadways are excluded, as are persons entering by air and water. *Please note*: Fraser BC border crossings are included in totals even though there is the possibility that these persons may never physically enter the Yukon.
